Dixon, IL – The Illinois Department of Transportation announces today that construction work on West State Street (Bus US 20) east of Meridian Road will begin the week of April 4, 2016. William Charles Construction Company is starting the \$1.5 million project to replace two culverts near the west side of Rockford.

Drivers should be alert for construction workers erecting signs and completing preliminary work early in the week. Weather permitting, by Wednesday, April 6, the concrete barriers will be placed to restrict West State Street to one lane in each direction as the culverts are replaced.

The project is scheduled to be completed by the end of June. Motorists should be prepared for the lane closures and slow moving traffic through the construction area.

Please slow down and use extreme caution while driving through all work zones.
